IMMEDIATE PAST PRESIDENT
What is the Single GME Accreditation System?

An agreement by AOA, AACOM, and ACGME to form a new GME accreditation system to provide:

- Consistent evaluation and accountability
- Enhanced opportunities for trainees
- Eliminates unnecessary duplication
- Generates cost-savings in accreditation
- One transparent accreditation system
Governance

AOA/AACOM Integrated into Governance and Operations of New ACGME

AOA Policy- Certification Eligibility

An osteopathic physician would be considered eligible to sit for an AOA certifying board with no additional application requirements, if he/she started in an AOA accredited program that subsequently transitioned to ACGME accreditation or started a dually accredited program that dropped its AOA accreditation.
AOA Policy – Protecting Our Residents

Codified agreement with ACGME and AACOM that AOA will have accreditation authority to oversee programs that cannot obtain ACGME accreditation by July 1, 2020, so that residents in those programs have the ability to complete an accredited program and advance to AOA board eligibility.
AOA Policy – Section X Application Deadlines

Programs must apply for ACGME accreditation by Section X deadline in order to participate in the AOA Match and accept trainees who will complete their training after June 30, 2020.
AOA Policy – Programs Achieving ACGME Accreditation

AOA-accredited programs achieving ACGME initial accreditation are dually accredited and can participate in AOA and NRMP Matches.

• Programs must adhere to two sets of standards.

• Programs must actively choose to withdraw from AOA accreditation by sending letter or completing online form.
AOA Policy – Termination of AOA Accreditation During Match

AOA accredited training programs that gain ACGME accreditation during the Match cycle (June – February) and wish to terminate AOA accreditation but stay in the AOA Match may do so. The program must be in good standing (have paid its fees), updated Opportunities, and completed TIVRA.
AOA Match Program

- Places osteopathic graduates into AOA-accredited GME only
- Sponsored by the American Osteopathic Association
- Administered by the National Matching Service in Toronto, Ontario.
- Held in February
- Two dozen specialty choices/combinations and TRIs
