**Come together to experience the
distinctiveness of osteopathic education!**

I am delighted to meet in person in San Antonio, Texas at the Henry B. González Convention Center this September 20 to September 22.

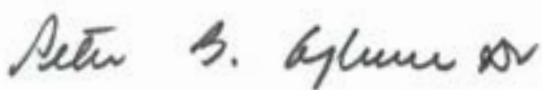

The Osteopathic Medical Education Conference (OMED) is the American Osteopathic Association's (AOA) premier educational event. Presented annually, it is a conference that showcases osteopathic medicine across multiple specialties and is planned in conjunction with AOA specialty college affiliates. It brings together the osteopathic community and provides an opportunity for attendees to obtain high-quality education, discuss clinical science, and network with one another. In addition, this unique event affords the AOA the opportunity to continue to strengthen its relationship and partnership with osteopathic-affiliated organizations, including colleges of osteopathic medicine.

Step into the spotlight with OMED, the only national osteopathic conference that underscores the crucial role of osteopathic physicians. By attending in person, you'll immerse yourself in an enriching environment that fosters fellowship and camaraderie. Dive into a broad spectrum of educational tracks and social networking events tailored to meet your professional needs. Whether you're a seasoned professional, an up-and-coming physician, or an ambitious osteopathic student or resident, OMED is your platform to shine and grow. Join us at OMED for an unmatched experience that will redefine your professional journey!

The OMED 2024 conference program is your one-stop resource for everything you need – from viewing the conference schedule to gathering details about registration and hotel accommodations. But that's not all! Keep yourself updated with the latest additions to the specialty track sessions and activities by checking back frequently. We're constantly enriching our program to ensure an engaging, diverse, and dynamic experience.

By attending in person you'll receive exclusive access to the OMED 2024 virtual platform from the afternoon of September 22 right through to December 31. The OMED 2024 virtual platform will have all in-person content in addition to bonus virtual sessions from eight additional specialties.

On behalf of Joel Feder, DO, Vice Chair, Council of OMED, the OMED 2024 Program Co-Chairs Heather Aguirre, DO, and Matt Esposito, DO, and the entire Council of OMED, we look forward to welcoming you to San Antonio, Texas!

Peter Ajluni, DO
Chair, Council of OMED

**San Antonio, Texas
Welcomes You!**

The registration fees are listed below. Attending in person provides access to the virtual platform for post-event viewing and continuing education.

OMED On Demand is available September 22 through December 31. In-person attendees receive complimentary access to OMED On Demand.

Can't attend in person? Be sure to register starting on September 22 to earn up to 50 hours of CME.

Category	Rates
AOA Member (AOA)	\$975*
AOA Non-Member (NM)	\$1,175
Associate Members/Practice Managers (ASM)	\$326
Non-DOs (MDs, PhDs) (NDO)	\$1,175
Retired AOA Members (RET)	\$300
Military	\$625
Allied Health Professionals (RNs, NPs, PAs, etc.)	\$1,175
Advocates of the American Osteopathic Association	\$150
Affiliate Executive Directors/CEOs	\$0
Residents (R)	\$75
Students (S)	\$50
Pre-Medical Students	\$50
Guests/children 13 and over	\$150
Children 12 and under	\$0

The official housing provider for the AOA OMED conference is Maritz. The AOA OMED conference does not have influence over or responsibility for any reservations made through a housing company or group other than the AOA OMED conference official housing partner, Maritz. In recent years, several attendees have informed the AOA OMED conference of housing solicitations (often fraudulent) from groups with no affiliation with the AOA OMED conference. It is encouraged to book hotel reservations through the AOA OMED conference provider, Maritz, and avoid providing information to any other company, even if they claim to be affiliated with the event.

The following hotels are the official AOA OMED24 conference hotels.

Hotel Name	Room Rate
Grand Hyatt San Antonio River Walk (co-headquarters)	\$289 + tax
San Antonio Marriott Rivercenter on the River Walk (co-headquarters)	\$279 + tax
San Antonio Marriott Riverwalk	\$279 + tax
Hilton Palacio del Rio	\$249 + tax
La Quinta Inn & Suites by Wyndham San Antonio Riverwalk	\$189 + tax

- ★ Henry B. González Convention Center
900 E Market St
- 1 Grand Hyatt San Antonio
600 E Market St
- 2 Hilton Palacio Del Rio
200 S Alamo St
- 3 San Antonio Marriott Rivercenter
101 Bowie St
- 4 San Antonio Marriott Riverwalk
889 E Market St
- 5 La Quinta
303 Blum St

Advantages of Booking within the AOA OMED Conference Hotel Room Block:

- **Location** — All hotels are within walking distance of convention center.
- **Deep discounts** — The AOA group rate provides the best pricing during the OMED conference.
- **Best rate package** — The OMED rates remain the lowest.
- **Hotel reward points** — Add your hotel rewards to your reservation to earn loyalty points and enhance your hotel stay.
- **Support the industry** — Booking within the OMED hotel room block allows the AOA to provide a convention experience at a lower price point.

Hotel reservations can be made online through Maritz when completing your in-person registration.

Housing is now open!

» Continuing Medical Education (CME) Information

OMED24 is supported by independent educational grants from commercial interests. Complete information will be provided to participants prior to the activity. Conflict of Interest Disclosures for individuals in control of content will also be provided before the activity starts.

Overall Education Objectives

- Highlight the evidence on new, revised, and standard treatment approaches for a variety of medical conditions as they relate to physicians
- Review revisions in clinical practice guidelines and evaluate clinical practice implications
- Describe updates in clinical decision tools for screening and differential diagnoses of diseases

Designation

The American Osteopathic Association (AOA) designates this program for a maximum of 40 AOA Category 1-A Credits* and 20 AOA Category 1-B Credits and will report CME credits commensurate with the physician's participation in this program. The AOA designates this blended activity for 60 *AMA PRA Category 1 Credit*™.*

Physicians should only claim credit commensurate with the extent of their participation in the activity.

*In-person attendees are eligible for a maximum of 60 AOA Category 1 Credits (40 1-A and 20 1-B) or 60 *AMA PRA Category 1 Credit*™.

Claim 2 AOA Category 2-B Credits by Viewing ePosters

Participants may claim up to 2 AOA Category 2-B Credits by viewing ePosters at the link that will be provided closer to OMED. To claim this credit and receive a certificate, the participant must complete and submit a separate attestation form to gdillard@osteopathic.org. The AOA will email a certificate that includes the number of AOA Category 2-B Credits earned once the attestation form is received and the hours are verified.

The American Osteopathic Association (AOA) is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

CME/Certificate of Attendance

To claim your CME certificate or your certificate of attendance, you will need to complete an evaluation and CME credit hour attestation by January 31, 2025.

Disclaimer

The information in this educational activity is provided for general medical education purposes only and is not meant to substitute for the independent medical judgment of a physician relative to diagnostic and treatment options of a specific patient's medical condition. The viewpoints expressed in this CME activity are those of the authors/faculty. They do not represent an endorsement by the AOA. In no event will the AOA be liable for any decision made or action taken in reliance upon the information provided through this CME activity.

[Return to Top](#)

OMED24 will bring together osteopathic physicians and healthcare teams for one event this September 20 to September 22 at the Henry B. González Convention Center in San Antonio, Texas. Earn up to 40 hours of AOA Category 1-A Credits and up to 20 hours of AOA Category 1-B Credits.

CME sessions, exhibits, general sessions, student sessions, ancillary meetings, and registration will take place in the Henry B. González Convention Center.

The AOF Honors Gala will take place at the Grand Hyatt San Antonio.

Other Alumni events and ancillary meetings will take place at the Marriott Riverwalk, Marriott River Center, or the Grand Hyatt San Antonio.

FRIDAY MAIN STAGE HIGHLIGHTS

Keynote – Featuring J.D. Polk, DO **Friday, September 20 | 7:45 a.m. CT**

J.D. Polk, DO, is the agency Chief Health and Medical Officer of the National Aeronautics and Space Administration (NASA), based in Washington, D.C. He assumed this position in November 2016, bringing with him a wealth of experience in the fields of emergency medicine, disaster medicine, space medicine, and medical management.

Prior to his current role at NASA, Dr. Polk held several high-profile positions, including serving as the Dean of Medicine for Des Moines University's College of Osteopathic Medicine, the Assistant Secretary (Acting) for Health Affairs and Chief Medical Officer of the U.S. Department of Homeland Security (DHS), and the Chief of Space Medicine for NASA's Johnson Space Center in Houston, Texas.

Throughout his career, Dr. Polk has demonstrated a strong commitment to public service, serving on the boards of organizations such as the Red Cross of Greater Iowa, ChildServe of Iowa, and the American Association for Physician Leadership. He is also a Fellow of several prestigious medical associations, including the American College of Osteopathic Emergency Physicians, the Aerospace Medicine Association, and the American Association for Extreme and Wilderness Medicine.

Highly credentialed, Dr. Polk holds a degree in Osteopathic Medicine from A.T. Still University, as well as multiple master's degrees in Space Studies, Medical Management, and Public Health. He is triple board certified in emergency medicine and aerospace medicine and has been widely recognized for his contributions to the field, receiving numerous awards and commendations from various organizations, including NASA, the Federal Bureau of Investigations, and the U.S. Air Force.

Keynote – Featuring Tamika Catchings **Friday, September 20 | 8:30 a.m. CT**

Tamika Catchings is a retired professional basketball player who played for the Indiana Fever throughout her entire 15-year Women's National Basketball Association (WNBA) career. In 2012, Ms. Catchings won the WNBA championship and was awarded the WNBA Most Valuable Player Award in 2011. In addition to countless other awards and accolades, she received four Olympic gold medals. In 2011, Ms. Catchings was voted as one of the WNBA's Top 15 Players of All Time by fans and was later named in two more top lists in 2020 and 2021.

From 2012 to 2016, Ms. Catchings served as the president of the WNBA Players Association. She was inducted into the Women's Basketball Hall of Fame in 2020. In 2004, she founded a charitable organization called the Catch the Stars Foundation that provides basketball camps, fitness clinics, mentoring, and literacy programs for underprivileged children. In 2008, Ms. Catchings was awarded the Dawn Staley Community Leadership Award in recognition of her efforts with the Catch the Stars Foundation and her work throughout the Indianapolis community.

The AOA will recognize recipients of the following awards:

Journal of Osteopathic Medicine Awards
Diversity, Equity, and Inclusion Unification Awards

SATURDAY MAIN STAGE HIGHLIGHTS

Keynote – Featuring Kevin O'Connor, DO **Saturday, September 21 | 4 p.m. CT**

Kevin O'Connor, DO, is a decorated military physician who served in the U.S. Army for over 20 years. During his military service, Dr. O'Connor received the Combat Medic Badge. He has also dedicated 15 years to caring for the nation's chief leaders as a key member of the White House Medical Unit, serving under multiple administrations. Dr. O'Connor first served as a physician in the White House during the George W. Bush administration for 3 years, later becoming then-Vice President Joe Biden's physician and, subsequently, in 2021, Physician to the President.

In 2013, he was inducted into the Order of Military Medical Unit. He is currently on the faculty at George Washington University, serving as an associate professor of health, human function, and rehabilitation services. In 2020, Dr. O'Connor was appointed as the medical director of St. Bonaventure University's Franciscan Health Care profession program. In 2017, Dr. O'Connor collaborated on and contributed to the creation of a health care program for veterans. Most recently, Dr. O'Connor received a presidential citation, awarded to him at the AOA's annual House of Delegate meeting.

Keynote – Featuring Montel Williams **Saturday, September 21 | 4:30 p.m CT**

Montel Williams is a multifaceted individual who has overcome remarkable personal challenges and leveraged his experiences to become a celebrated media personality, a decorated former marine and naval officer, and a dedicated advocate for health, veterans, and various social causes.

Despite battling Multiple Sclerosis for over 25 years and recovering from a stroke, Mr. Williams has demonstrated remarkable resilience and perseverance. His extensive work as a health advocate has significantly influenced public discussions on healthcare, making him an influential voice in the health sector.

Mr. Williams's military accolades, including two Meritorious Service Medals, two Navy Commendation Medals, and two Navy Achievement Medals, along with his academic achievements, such as a degree in General Engineering from the prestigious Naval Academy and additional qualifications in Russian and Mandarin, have provided him with a unique perspective on problem-solving and leadership during times of adversity.

Beyond his media career, Mr. Williams is a best-selling author, an Emmy Award-winning television host, and a successful actor. He also hosts two compelling podcasts that delve into topics ranging from cannabis to societal issues, health, and wellness. Notably, Mr. Williams's philanthropic efforts, which include supporting organizations focused on veterans' welfare, diversity, children's well-being, and animal rights, further exemplify his deep-rooted passion for making a positive impact on various communities.

The AOA will recognize recipients of the following awards:

Outstanding Affiliate Awards
Mentor of the Year Award

[Return to Top](#)

SUNDAY GENERAL SESSION

AOA Health Policy Discussion – Featuring Nathan L. Gonzales Sunday, September 22 | 7:45-8:45 a.m. CT

Join us to analyze the latest, most important election of our lives. We'll take a fresh look at the states and races that matter in the fights for the White House and Congress.

Nathan L. Gonzales, editor and publisher of *Inside Elections*, offers nonpartisan analysis across Senate, House, governor, and presidential campaigns. He co-hosts the Inside Elections Podcast and serves as an Elections Analyst for CQ Roll Call, known for his data-driven and accessible approach to electoral forecasting. Represented by Leading Authorities Speakers Bureau, Mr. Gonzales is a dynamic speaker renowned for his deep political insights and engaging stage presence.

With over 20 years of campaign coverage experience, Mr. Gonzales combines reporting with data to provide detailed insights into key races and election dynamics. His expertise, showcased on platforms like PBS and ABC News, blends historical trends, polling data, and personal candidate interviews to project electoral outcomes and assess partisan shifts.

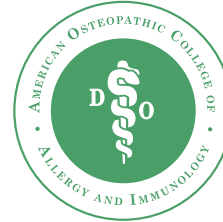

Based in Washington, D.C., Gonzales holds a Master of Arts from The George Washington University and a bachelor's degree from Vanguard University. He began his career as an intern in the White House Press Office and lives in D.C. with his wife and four children.

OMED24
Osteopathic Medical Education Conference

AMERICAN
OSTEOPATHIC
ACADEMY OF
SPORTS MEDICINE

The following specialties are participating in person with all content, including additional bonus content, available virtually beginning Sunday, September 22.

Addiction Medicine

The **American Osteopathic Academy of Addiction Medicine (AOAAM)** is offering 15 hours of CME at OMED 2024. Sessions that meet the training requirement for all DEA-registered practitioners on the treatment and management of patients with opioid or other substance use disorders are noted with an asterisk (*). Educational sessions will inform practicing osteopathic physicians about improving clinicians' ability to treat substance use disorders in specialized health populations such as adolescents, pregnant women, healthcare professionals, and palliative care populations. There will be a particular focus on addiction in the rural population and consideration of how to increase access to care through novel care-delivery models such as mobile treatments and group-based virtual MOUD delivery as well as training resident physicians to practice addiction medicine in the rural context. In addition, special topics related to current practice will include navigating challenges related to the dramatic rise of methamphetamine, fentanyl, cannabis, designer drugs, and gambling in our populations.

Allergy and Immunology

The **American Osteopathic College of Allergy and Immunology (AOCAI)** will present lectures covering topics on gene therapy, asthma, allergic rhinitis, and current recommendations on vaccinations. These presentations will explore the present use and future use of therapeutic options for genetic intervention; the mechanism of pesticide exposure that may trigger asthma attacks, exacerbate asthma, or increase the risk of developing asthma; the importance of the interaction of early exposure to microbes and the induction of immune tolerance; the different endotypes of rhinitis; and updates on the current recommendations of the Advisory Committee on Vaccination Practices (ACIP) and the Center for Disease Control (CDC).

Family Medicine

The **American College of Osteopathic Family Physicians (ACOFP)** offers a diverse range of educational sessions covering innovative topics in Family Medicine. As Family Medicine plays a crucial role in healthcare, ACOFP ensures that its members are equipped with the latest knowledge and skills in the field. In collaboration with sister societies, ACOFP also provides interdisciplinary education, allowing healthcare professionals to learn from and collaborate with colleagues from different disciplines. With a focus on comprehensive and holistic healthcare, ACOFP is dedicated to advancing the practice of Family Medicine and promoting excellence in patient care.

Military

The **Association of Military Osteopathic Physicians and Surgeons (AMOPS)** has developed sessions that will introduce attendees to Military Medicine: on Land, Sea, and Air, as well as Military Medicine: Front Lines to Civilian Trauma Centers! Sessions include aerospace medicine, medical support to the warfighter, integrating military medicine in the civilian world, burn care, TBI, FAST exams, and a demonstration of Osteopathic Manipulative Medicine's (OMM) use on the battlefield, shipboard, and flightlines. Both military physicians and civilian physicians will benefit from these sessions.

Neurology/Psychiatry

The **American College of Osteopathic Neurologists and Psychiatrists (ACONP)** educational sessions will cover a range of topics in the field such as headaches in pregnancy, happiness and resilience, cannabis use in psychiatric care, myasthenia gravis update, post-traumatic stress disorder, Prevent 2 Protect, Safe and Sound Schools, and much more.

Occupational and Preventive Medicine

The **American Osteopathic College of Occupational and Preventive Medicine (AOCOPM)** will address current occupational, environmental, and preventive medicine topics. Topics will be divided into three divisions: public health and general preventive medicine, occupational medicine, and aerospace medicine. Focus areas within these divisions include correctional medicine, undersea hyperbaric medicine, and disability impairment medicine.

Osteopathy

The **American Academy of Osteopathy (AAO)** will showcase distinguished faculty discussing the concepts of motion and stillness in osteopathic medicine. This will include special emphasis on lymphatics, gait issues, hypermobility, tremor, spasticity, concussion, and OMT on the sidelines. This engaging program will provide attendees with comprehensive and state-of-the-art information about how physicians can diagnose and treat these and other conditions in a comprehensive manner including utilization of a wide variety of OMT approaches.

Pediatrics

The **American College of Osteopathic Pediatricians (ACOP)** plans to address current topics related to the care of children, including sessions on neonatal/perinatal medicine, adolescent medicine, pediatric infectious disease, immigrant health, pediatric hot topics, practical pediatrics, orthopedics, and OMM/OMT. In addition to the clinical topics, ACOP is also organizing a session to discuss the decline in students entering pediatric residencies and how to address the shortage.

Physical Medicine and Rehabilitation

The **American Osteopathic College of Physical Medicine and Rehabilitation (AOCPMR)** program will focus on optimizing physiatry and physical medicine and rehabilitation in today's healthcare environment. Educational session topics will include stroke care, anti-doping, tendinopathy, fMRI scans, TBI/concussion, an in-depth look at SIJ, and inpatient care, among other topics.

Prolotherapy

The **American Osteopathic Association of Prolotherapy Regenerative Medicine (AOAPRM)** program starts with the basic skills required to perform a prolotherapy treatment. Platelet-rich plasma (PRP) is discussed as an advanced prolotherapy treatment for cases that are more complicated. The latest treatment modalities for the cervical, lumbar, and thoracic spine will be covered. Each day, the didactic sessions will conclude with practical clinical assessments.

Sports Medicine

The **American Osteopathic Academy of Sports Medicine (AOASM)** will present "Sports Medicine: A Pathway to Whole Body Wellness." The program includes sports medicine topics relevant to physicians in all specialties. We will provide an in-depth review of common musculoskeletal conditions including diagnostic evaluation, management, and return-to-play considerations across pediatric, adolescent, adult, geriatric, and disabled athlete populations. The program will also explore concepts of wellness and fostering health, in addition to interventional management and rehabilitation of injuries. All topics will highlight the osteopathic approach to evaluation and management. We will also look at opportunities to engage populations and institutions that are underserved by Sports Medicine professionals. For additional information, contact the AOASM National Office at info@aoasm.org, or visit the AOASM website at www.aoasm.org.

The following specialties are offering virtual content for OMED24 On Demand, which will be available beginning at 12 p.m. on Sunday, September 22: Anesthesiology, Dermatology, Emergency Medicine, Hematology, Internal Medicine, Obstetrics/Gynecology, Orthopedics, Pathology, and Radiology.

OMED On Demand virtual registration opens on Sunday, September 22. OMED On Demand is available September 22 through December 31. In-person attendees receive complimentary access to OMED On Demand.

Can't attend in person? Be sure to register starting on September 22 to earn up to 50 hours of CME.

Student Track

Saturday, September 21, and Sunday, September 22

The OMED24 Student Track will kick off on Saturday, September 21, and all OMED attendees are welcome! The content, carefully selected by the Student Osteopathic Medical Association, will focus on supplementing the knowledge provided by the COMs and enhancing the opportunities for osteopathic medical students to match into their residencies of choice.

Resident Track

Saturday, September 21

The AOA will offer content dedicated to residents and relevant to their stage in their career. This will be an exciting in-person experience that will reflect on life beyond the clinical and academic setting and provide opportunities to connect with their peers and leaders in the osteopathic community. Gain insights from visionary leaders in health care and discover clinical tools to advance patient care.

OMED24 AOA Poster Session and Student Poster Competition

The AOA Bureau of Osteopathic Research and Public Health and the Bureau of International Osteopathic Medicine hold their International and Non-International Research Poster Session and Student Poster Competition annually during OMED. The Research Poster Session allows investigators to share their research with a wider osteopathic audience. After a competitive Call for Research Abstracts, abstracts are selected for presentation in a poster format. Students whose research projects are selected can choose to participate in the International and Non-International Student Poster Competition. During this competition, student researchers present their projects to teams of judges in a live, virtual format. Cash prizes are awarded, and accepted abstracts are published in The Journal of Osteopathic Medicine.

Virtual Only

Friday, September 20 | 8:30 a.m.-12 p.m. and 1-4 p.m. CT

Registration is required to participate in the live virtual Student Poster Competition presentations.

[Click here to register.](#)

The annual International and Non-International Poster Session and Student Poster Competition allow researchers to spread their research to a broader audience. During the Poster Competition, student and resident researchers will present their research projects to teams of judges in a live, virtual format. (See Poster Schedule below). Cash prizes are awarded to the nine top-scoring non-international presenters and the two top-scoring international presenters. Accepted abstracts are published in *The Journal of Osteopathic Medicine*.

All poster presentations are pre-recorded and fall within four non-international research categories: Clinical (C), Basic Science (B), Health Services (H), Public Health (PH) research focused on health disparities and social determinants of health, and International Health (INT'L).

Within each of the categories, the research presentations address the distinctiveness of osteopathic medicine and its impact on one of the following research areas:

- Chronic Diseases and Conditions
- Acute and Chronic Pain Management
- Impact of Osteopathic Manipulative Medicine (OMM) and Osteopathic Manipulative Treatment (OMT)
- Musculoskeletal Injuries and Prevention
- Osteopathic Philosophy
- Health Disparities/Social Determinants of Health
- International Health

Physicians can claim up to two (2) AOA Category 2-B Credits by viewing the recorded ePosters over the next year. To claim these credits and receive a certificate, the participant must complete and submit a separate attestation form, which will be available in the Poster Gallery or during the live virtual poster sessions.

Physicians must register to view the live virtual Student Poster Competition presentations, marked with an asterisk (*) in the poster schedule below.

AOA Poster Session and Student Poster Competition Registration Instructions

To participate in the live Student Poster Competition, **[click here to register.](#)**

1. Click "Register for Event"
2. Enter your email address
3. Create your account
4. You will receive an email from "Remo" confirming your registration. Keep this email so you can set up your profile and enter the event on Friday, September 20, from 8:30 a.m. to 12 p.m. and 1 to 4 p.m. CT.

You only need to register once.

For additional information, contact Gloria Dillard at **gdillard@osteopathic.org**.

Striking a Balance: Understanding Pain Management and Opioids – Featuring Annette Carron, DO, FACOI, FAAHPM, CMD Friday, September 20 | 6:15-7:45 a.m. CT

In this session, Dr. Carron will discuss how to accurately assess patients in pain, develop a safe and effective pain treatment plan, identify evidence-based non-opioid options for the treatment of pain, and recognize behaviors that may be associated with opioid use disorder. Session participants will also learn to identify the risks and benefits of opioid therapy and how to manage ongoing therapy with patients.

This course meets the Drug Enforcement Agency (DEA) and the Substance Abuse and Mental Health Services Administration (SAMHSA) Medication Access and Training Expansion (MATE) Act. The Act requires new or renewing DEA registrants, as of June 27, 2023, to have completed at least eight hours of training on opioid or other substance use disorders.

1.5 hours of CME (1.5 AOA Category 1-A Credits or 1.5 AMA PRA Category 1 Credits™). To be considered a completer of this session, please complete this required post-test and evaluation. It will take approximately 10 minutes. Your survey responses will be strictly confidential. Please use the QR code or click on this link to access the survey: <https://www.research.net/r/2MN8T2G>.

This symposium is supported by a medical education grant from CO*RE-REMS.

Breakfast provided by the AOA.

Annette Carron, DO, FACOI, FAAHPM, CMD
Interim Medical Director of Geriatrics and Palliative Care,
Henry Ford Macomb Hospital
Clinical Associate Professor, Michigan State University
College of Osteopathic Medicine
Past President, American College of Osteopathic Internists

Annette Carron, DO, FACOI, FAAHPM, CMD, serves as interim director in the Department of Geriatrics and Palliative Care at Henry Ford Macomb hospital in Clinton Township, MI. She also serves as associate medical director for Heart to Heart hospice. Dr. Carron has been practicing in long-term care and hospice and palliative medicine for 30 years and is board certified in internal medicine, geriatrics, and hospice and palliative medicine. She has spoken frequently on pain management, including helping present the American Medical Association Educating Physicians on End-of-Life Care (EPEC) curriculum. Dr. Carron is also Assistant Clinical Professor of Internal Medicine at Michigan State University College of Osteopathic Medicine and is past president of the American College of Osteopathic Internists.

Type 2 Inflammation: A Common Link in Multiple Diseases – Featuring William Calhoun, MD Friday, September 20 | 12:30-1:15 p.m. CT

This is a non-CME event sponsored by Sanofi & Regeneron. It is neither sponsored by nor endorsed by OMED.

William Calhoun, MD

William Calhoun, MD, is a distinguished pulmonologist currently serving as the Nelda C and HJ Lutcher Stark Distinguished Chair and Vice Chair for Research at the University of Texas Medical Branch in Galveston, TX. He has an extensive background in pulmonary medicine, allergy, and clinical immunology, having completed residencies and fellowships at prestigious institutions like Penn State University and the University of Wisconsin. Dr. Calhoun is a prolific author, publishing widely in journals such as the *Journal of Allergy and Clinical Immunology* and the *Journal of Thoracic Disease*. He is a Fellow of several prestigious medical organizations, including the American Academy of Asthma, Allergy, and Immunology, the American College of Chest Physicians, and the American Thoracic Society. With his wealth of experience and recognized expertise, Dr. Calhoun is a leading figure in the field of pulmonology.

Mounjaro® (tirzepatide) – Featuring Aaron Asa King, MD Friday, September 20 | 12:30-1:15 p.m. CT

Join a presentation from one of your peers to learn about Mounjaro, a glucose-dependent insulinotropic polypeptide (GIP) and glucagon-like peptide-1 (GLP-1) receptor agonist indicated to improve glycemic control in adults with type 2 diabetes (T2D). This presentation will include a review of clinical efficacy and safety results, and how to get your adult patients with T2D started on Mounjaro. Attendees will have the chance to ask the speaker questions at the end of the session.

Aaron Asa King, MD

Aaron Asa King, MD, is a family medicine specialist at MedFirst at the Quarry Primary Care Clinic in San Antonio, Texas. He earned his medical degree at Texas A&M College of Medicine in College Station, Texas. He completed a residency and internship in family medicine at the Navy Hospital Pensacola in Pensacola, Florida, where he was chief resident. Dr. King is board certified in family medicine.

Previously, Dr. King was medical director at BHS Physicians in San Antonio, Texas. He was also a physician with Stone Oak Family Physicians and HealthTexas Primary Care Doctors at the Stone Oak Clinic.

Dr. King's research has been published in relevant publications, including *Postgraduate Medicine*, *Obstetrics & Gynecology*, and *Annals of Internal Medicine*.

Shifting Your Asthma Rescue Therapy Approach in 2024 – Featuring Peter Honig, DO Saturday, September 21 | 12:30-1:15 p.m. CT

How do YOU approach rescue therapy for your patients with asthma? Join us as we examine the role of variable inflammation in the occurrence of asthma exacerbations and the consequent burden of systemic corticosteroid exposures. See recent recommendations from GINA and NAEPP and hear about data on a rescue therapy option that may broaden your perspective.

Peter Honig, DO

Peter Honig, DO, is a dedicated physician practicing community medicine in South Philadelphia since 1987. His patients include a diverse range of adolescents and adults in the community and expands to those who have since left the community but have not left Dr. Honig.

Between the years of 1987 and 2021, he also practiced hospital medicine at two community hospitals –Jefferson (formerly Methodist Hospital) and Pennsylvania hospital. During this period, he had the increasingly rare opportunity to take care of his patients both in and out of the hospital.

In addition to family and community medicine, Dr. Honig has been dually certified in hospice and palliative care and currently works in both inpatient and outpatient hospice settings. He is well-known for his patience, kindness, and intuitive ability to help families through one of the most difficult times in life. He has been lauded as a person who treats all humans with dignity and compassion.

Recently, Dr. Honig has served on panels related to advancements in pulmonary medicine. He is passionate about scientific discoveries and works to impart practical advice regarding how these advancements might benefit patients in real-life settings.

Join the OMED Walking Challenge!

Show off your competitive spirit and stay active with your peers from Thursday, Sept. 19 through Sunday, Sept. 22. Climb the Challenge Leaderboard and earn your chance to win some fantastic prizes!

Prizes:

- 50K+ Steps:** Enter to win a \$300 gift card (1 winner)
- 40-49K Steps:** Enter to win a \$200 gift card (1 winner)
- 30-39K Steps:** Enter to win a \$100 gift card (1 winner)
- 20-29K Steps:** Enter to win a \$50 gift card (1 winner)

OMED[®]24
Osteopathic Medical Education Conference
Sept. 20-22 • San Antonio, TX

How to Join:

1. Download the Heka Well app.
2. Select "OMED Wellness."

The OMED Exhibition provides the opportunity to learn more about the latest products and trends.
[View the list of current exhibitors.](#)

Exhibit Hours:

Friday, September 20 – 9:30 a.m.-3 p.m.

Saturday, September 21 – 9:30 a.m.-3 p.m.

OMED is more than just a conference. It's a platform for connecting with like-minded professionals who share your passion for osteopathic medicine. Expand your network, forge meaningful connections, and collaborate with colleagues who are at the forefront of the field.

Whether you're a seasoned practitioner or a budding osteopathic physician, OMED is the event you don't want to miss. Join us for this unparalleled gathering of the osteopathic community and experience the power of knowledge, collaboration, and innovation.

NEW! OMED Interactive Area

The OMED Interactive Area in the exhibit hall will provide a wide range of activities and community networking. Participants can unwind and engage in exciting activities while exploring the exhibit hall. Activities include: UIWSOM's Mobile Osteopathic Medicine vehicle, exercise, relaxation, cuddle station, and some local flair.

NEW! Innovation Hub

The AOIA Innovation Hub will provide information on Artificial Intelligence (AI) and more!

The AOIA Innovation Hub will serve as the premier location for all digital health and innovation topics, product kiosks, thought-leadership theater, and several networking opportunities. Plan to stop by the newly launched AOIA innovation community to learn more about the osteopathic voice in digital health. Be sure to come to the Digital Health Networking Reception on Friday, September 21, from 2-3 p.m. CT..

Member Central

Learn more about AOA member benefits. Stay tuned for more information on networking opportunities.

Product Theaters

Learn about a specific cutting-edge topic during the lunch hour (lunch provided). More information coming soon!

Food Outlets

Concession stands will be open in the exhibit hall.

[Return to Top](#)

San Antonio, Texas, offers a blend of history, culture, entertainment, natural beauty, and diverse culinary scene.

Top reasons to come early or stay later to experience the city:

1. Historic attractions (the Alamo and Ghost Tours)
2. Vibrant downtown, shopping, nightlife, and the River Walk
3. Authentic cuisine
4. Theme parks and family-friendly attractions SeaWorld San Antonio and Six Flags Fiesta Texas

[View tour options and special discounts](#) for AOA OMED conference attendees.

OMED Welcome Reception

Thursday, September 19 | 6-7 p.m. CT

AOA welcomes you to OMED24! Network with colleagues while enjoying local Texas entertainment and small bites.

AOF LGBTQIA+ Initiative Reception

Thursday, September 19 | 7:30-10:30 p.m. CT

Join us for the AOF LGBTQIA+ Initiative Reception at The Rose of San Antonio, 420 E. Houston St. Your contribution of \$49 is non-refundable and non-transferable. Two drink tickets and small bites included. Additional drink tickets are available for purchase at the event. Seating is limited.

AOIA Digital Health Innovation CoP Networking Meet Up

Friday, September 20 | 2-3 p.m. CT

Calling all Digital Health Innovation Community of Practice (CoP) members to join us at the OMED24 AOIA Innovation Hub in the exhibit hall for a can't-miss networking meet up! This will be an important opportunity to connect with your peers, share insights, and explore collaborative opportunities within our community about how to advance digital health across the full scope of osteopathic medicine! Advance registration is required.

AOF Honors Gala

Friday, September 20 | 6-11:30 p.m. CT

Join the American Osteopathic Foundation (AOF) as it celebrates the Osteopathic profession's best and brightest stars during its 75th Anniversary at the 2024 Honors Gala on Friday, September 20, at 6 p.m. CT.

Single tickets are available for \$500 per person. A maximum of two (2) may be purchased by Thursday, September 12, at noon/12 p.m. CT on the [Honors Gala website](#). Questions? Contact Honors@aof.org.

Networking Event

Saturday, September 21 | 5-6 p.m. CT

Plan on stopping by the Networking Event on Saturday evening at the conclusion of the educational sessions. Grab a small bite and beverage while you network with colleagues and unwind.

Discover the Future of Inclusive Leadership in the Osteopathic Profession! Join us at our table during the OMED Networking Event to learn about an exciting new initiative: a proposed group dedicated to diversifying leadership within the osteopathic profession. Whether you are a physician or a student, this is your opportunity to be part of a movement that champions empowerment, inclusivity, and representation. Stop by to find out how you can contribute to shaping a more inclusive future in osteopathic medicine! Our table will be in the Hemisphere Ballroom Foyer entrance where the OMED Networking Event will be held.

First-Time Attendee Meet-Up Friday, September 20 | 9:30-10 a.m. CT

Kickstart your Friday morning by connecting with fellow first-time attendees at our exclusive meet-up at Member Central in the Exhibit Hall. Enjoy a continental breakfast while mingling, sharing experiences, and making new friends. Don't miss this perfect opportunity to start your day with great company!

First-Time Attendee Top 10 Tips

1. Download the event app to view all conference information, including participants to make connections.
2. Attend any of the CME educational didactic sessions, not only sessions from your specialty.
3. Go to the Exhibit Hall, which is a great networking opportunity to learn about new products and services.
4. Participate in the two complimentary fellowship events: Thursday's Welcome Reception and Saturday's Networking Event.
5. Attending in person provides complimentary access to OMED On Demand (which opens at noon on September 22), where all in-person specialty content and additional specialty content are available until December 31, so don't forget to log on after the conference.
6. Pick up the 150th Osteopathic Anniversary game card at registration. Visit exhibitors, turn the card in to Member Central, select a 150th anniversary commemorative item, and be entered to win a \$150 gift card.
7. Visit Member Central on Friday or Saturday to learn more about AOA and receive a ticket to redeem a memorable Texas gift. Limited items are available.
8. Attend conversation starter pop-ups at Member Central on Friday and Saturday — these are a great way to meet others.
9. Participate in the OMED Wellness Challenge. Download the Heka app and search for OMED Wellness.
10. Attend additional events available for purchase: Thursday's AOF LGBTQIA+ Initiative Reception, Friday's AOF Honors Gala, and Saturday's AAOA Fun Run.

AAOA Family Fun Event

Friday, September 20 | 2-3 p.m. CT

Create memories and bring the family! The Advocates for the AOA (AAOA) is having their annual Family Fun Event at Legoland Discovery Center San Antonio on Friday, Sept. 20, at 2 p.m. CT.

Learn more about the event and the required pre-registration. Tickets are limited.

AAOA House of Delegates

Saturday, September 21 | 9 a.m.-12 p.m. CT

The Advocates for the AOA (AAOA) invite members to attend their annual House of Delegates and Business meeting. **Pre-registration is required to attend.**

OPAC Board Meeting

Saturday, September 21 | 1:30-3:30 p.m. CT

The OPAC Board Meeting will take place in the Henry B. González Convention Center in Room 220.

AAOA Board Installation and President's Reception

Saturday, September 21 | 2-4 p.m. CT

The Advocates for the AOA (AAOA) will hold the installation of the Board and President's Reception in Room 206 of the Henry B. Gonzalez Convention Center.

AAOA Fun Run

Sunday, September 22 | 6:30-7:45 a.m. CT

The Advocates for the AOA (AAOA) are excited to host the **A.T. Still Fit for Life Fun Run 2024** in San Antonio, Texas! The 5K walk/run will take place during OMED24 on Sunday, September 22, from 6:30 to 7:45 a.m. CT, in Hemisfair Park. All profits from this fundraising event support the osteopathic community in the form of SOMA scholarships and through grants for special projects across the country. **Registration** is open through September 21. If you can't participate in this year's run but want to donate, please click [here](#).

Student Advocate Association (SAA) Workshop Sunday, September 22 | 8:30-10:30 a.m. CT

This SAA workshop is sponsored by the Auxiliary to the American College of Osteopathic Family Physicians (AACOFP) and held by the Advocates for the AOA (AAOA). This workshop is for Student Advocate Association (SAA) and Intern & Resident Advocate Association (IRAA) members. **Learn more and register to attend.**

American College of Osteopathic Neurologists and Psychiatrists
